<b>Regional Meeting Overall</b>						
The time of the regional meeting was appropriate.	18 (41%)	19 (43%)	4 (9%)	3 (7%)		<ul style="list-style-type: none"> <li>• Yes, I needed a break from immunizations</li> <li>• Needs to be all in one day</li> <li>• One day training may benefit staff not out of office so long</li> <li>• The meeting should be limited to one day as a time saver, and more cost effective. Plus, this is a very busy time of the year, i.e., back to school immunizations</li> <li>• Except immunization time</li> <li>• It was on while epi-ready training in Allen County. I missed the first day.</li> </ul>
	84%-Strongly Agreed to Agreed			7% -Disagreed		
The date of the regional meetings was appropriate.	16 (36%)	18 (41%)	5 (11%)	7 (16%)		<ul style="list-style-type: none"> <li>• Maybe earlier in year (from hospital perspective this is not a good time-flu season demands)</li> <li>• Yes, I needed a break from immunizations</li> <li>• Later in the year</li> <li>• No immunizations required!</li> <li>• There is no good time this year with vaccines</li> <li>• Spring would be better than flu season</li> <li>• Interferes with school immunizations (this year)</li> <li>• Same date as EPI meeting in Fort Wayne</li> <li>• Difficult to get away from office for two days.</li> <li>• September = school and flu clinics</li> </ul>
	77%-Strongly Agreed to Agreed			16% -Disagreed		
The location of the regional meeting was appropriate.	17 (39%)	19 (43%)	9 (20%)	2 (5%)		<ul style="list-style-type: none"> <li>• 2hr. 40 min. away from home</li> <li>• Nice room. Easy to get to from the interstate</li> <li>• Hotels convenient. Meeting facility fantastic</li> <li>• More detailed direction would have been helpful</li> <li>• Great location and great food</li> <li>• Needs to be more centrally located</li> <li>• Great location and parking</li> <li>• Excellent meeting! Best one to date.</li> <li>• Lots better than going to Indy</li> </ul>
	82%-Strongly Agreed to Agreed			5% -Disagreed

Additional Comments Highlights:

- For those who travel distances it would benefit if 2 days do ½ at the end of seminar. Condense info to minimize repetition. Very cold in meeting room.
- I think each conference gets better each year. It is so nice seeing the other PHNs from other counties. I appreciated the handouts (less note taking). Thank you for the gift that it was a 'free' conference and luncheon. Thanks again!
- If 1.5 days are scheduled for meeting, perhaps having full day on the first day with remaining half day on second day so attendees have better time of day for returning home.
- Great seminar! Learned a lot! Thank you.
- Way too cold in the room. Everyone was freezing. We mentioned this to several people.
- Nice meeting! It is so much nicer when the speakers have handouts available. SharePoint is okay, but I like to make notes on the papers. Good Job!
- Wonderful information. Thank you.
- Too cold in meeting room. Have conference in one day. Get vendors to set up for breaks to give information out and talk about products and services.
- Need to work on time management.
- Need more "move around" breaks. This was a GREAT place to have the meeting. This is a lot better than going to Indy.
- TB outbreak in Jackson County, I really liked this and down to earth. I really liked the LHD speaking and mixture of doctors and non-doctors speaking. Nice slides MCHD. Nice to have this videotaped. Invite Ball memorial physicians and staff next time it is in Muncie.
- Putting all of the Power Point on a CD is nice to have. Would like to have time built in for table discussion after each speaker. Would have been nice to have someone go around with the microphone for questions since no one wanted to go to the microphone.
- Great organization and theme for the meeting. We all enjoyed the history and posters.

- Lots of good information!
- Overall good information.
- Room temperature too cold both days!
- Really liked this location – instead of Indy. Great parking! Why no certificates of attendance?
- Thanks!
- Excellent meeting! Such a loss for persons that did not attend. Feel like I gained much information to enhance my practice, but also to help educate my patients. Thank you! Looking forward to TB on INEDSS! It is an excellent system and anticipate the addition of TB information to be very beneficial and conveniently located. Best meeting yet!
